**8. APPOINTMENT TO BOARDS AND COMMISSIONS:**

**9. CONSENT AGENDA:**

Mayor Paul asked whether there were any questions or requests to remove items from the Consent Agenda.

City Manager Whitemyer advised Mr. Shetron indicated he has questions related to Consent Agenda Item 9.4, a resolution authorizing the purchase of two eXmark 52" Mowers from Westurf Nursery in the amount of \$16,912.64 to be funded from Fund 565-7215-441005.

Mr. Shetron stated his opposition to charging the purchase of this equipment to the Landscape and Lighting Maintenance District.

City Manager Whitemyer advised the City did not make the change from outside contracting servicing of the district to City provided staffing lightly. The decision to charge from an outside contract service to a City staff provided service was made based on the preference not to increase the rates paid by rate payers (property owners) by continuing to employ contractors and the ability to provide better service at a lower rate using City employees. Today the City did send out a notice announcing City staff will be taking over maintenance of the Bridle Ridge Landscape and Lighting Maintenance District May 1.

City Manager Whitemyer advised in response to comments made by Mr. Shetron, the bond reimbursement funds are savings that must be used directly toward improvement projects, such as planting replacements and road improvements and cannot be used for maintenance.

City Manager Whitemyer, in response to questions raised by Mr. Shetron explained how costs for the maintenance of the Landscape District were compared between a contract service versus City staffing.

Finance Director Avila, in response to Mr. Shetron's request for a copy of the new accounts, advised details of these new accounts would be included in the 2018/2019 Fiscal Year Budget and would be available in the next couple of months.

CITY OF OAKDALE  
CITY COUNCIL STAFF REPORT

**Meeting Date:** May 7, 2018

**To:** Pat Paul and Members of the City Council

**From:** Scott Heller, Chief of Police

**Subject:** Consideration of a Resolution authorizing the Chief of Police to enter into a Contract Services Agreement with Command Strategies Consulting to provide consulting and investigative services to the Oakdale Police Department to be funded from the Police Department's Contract Services Account (110-2110-425003), not to exceed \$15,000 during total contract term.

---

**I. BACKGROUND**

The Oakdale Police Department is required to conduct administrative investigations concerning personnel matters and citizen complaints compliant with California Government Code and California Penal Code requirements. For those times when the Department exceeds its investigative resource limits, or for other causal factors, it is necessary to consult and utilize a private entity to assist with these matters. This provides the Chief of Police a necessary option to utilize a licensed provider on a case by case basis. Staff is requesting authorization to enter into a Contract Services Agreement with Command Strategies Consulting to provide consulting and investigative services.

**II. DISCUSSION**

The Police Department has been managing administrative investigations mostly with internal investigative resources. However, there are times when the workload can exceed internal investigative resources making it necessary to contract for consulting and investigative services. Command Strategies Consulting is skilled in the professional discipline necessary to perform these services and licensed as a professional private investigator by the State of California.

With approval, Command Strategies Consulting would perform investigation services related to labor and employment matters for the Police Department on a limited basis at the request of the Chief of Police. The consultant's rate is one hundred dollars (\$100) per hour, not to exceed \$15,000 dollars during the contract term through June 30, 2019. In the event of unforeseen expenses, staff would return to Council for additional approval and contract modification. Any charges incurred through June 30, 2018 will be funded through the Police Department's current FY17/18 Operating Budget. The Police Department will also be seeking an

increase up to \$15,000 in its FY 18/19 Operating Budget to cover any remaining future fiscal impacts from this item.

By authorizing the Chief of Police to utilize Command Strategies Consulting to assist with personnel investigations on an as needed basis, the Department can complete this administrative process more efficiently, maintain compliance with applicable laws and mitigate potential liability risks to the City.

### **III. FISCAL IMPACTS**

The charges incurred for this service would be funded from the Police Department's Contract Services Account (110-2110-425003). Charges are not to exceed \$15,000 during the contract term through June 30, 2019. In the event of unforeseen expenses, staff would return to Council for additional approval and contract modification.

### **IV. RECOMMENDATION**

Staff recommends Council adopt a Resolution authorizing the Chief of Police to enter into a contract services agreement with Command Strategies Consulting to provide consulting and investigative services to the Oakdale Police Department to be funded from the Police Department's Contract Services Account (110-2110-425003), not to exceed \$15,000 during total contract term.

**CITY OF OAKDALE  
CITY COUNCIL STAFF REPORT**

**Meeting Date:** May 7, 2018

**To: From:** Mayor Pat Paul and Members of the City Council  
Joshua Mann, Senior Planner

**Reviewed by:** Jeff Gravel, Public Services Director

**Subject:** **Introduction of Ordinance No. 2018-1259 Amending the City of Oakdale's Zoning Ordinance, Chapter 36 of the Oakdale Municipal Code amending the City's Sign Ordinance, Section 36-26 of the Oakdale City Code.**

---

**I. BACKGROUND**

Signs play a major role in the success of retailers and the local economy through identification, advertising, and wayfinding. It is important to recognize the consumer's need for information, the business's need to identify itself and advertise goods and services, and the community's demand for aesthetically pleasing zoning districts that enhance the desired character of the City. The basic purpose of a sign is to clearly communicate a desired message; the city's sign regulations focus on achieving this basic purpose.

In the past few years Staff has encountered particular issues with the Sign Ordinance (Section 36-26 of the Oakdale Municipal Code). Some issues were a result of new sign technology being available and other issues were instances of the sign ordinance not being as concise as it could be. As a result, in 2017 the City began the process of a comprehensive update to the sign ordinance. A priority of the Sign Ordinance Update has been for sign regulations to support current City goals, including those related to community design and economic development as well as the importance of effective and appropriate signage throughout the city.

**II. DISCUSSION**

Extensive public outreach was conducted to elicit likes, criticisms, and issues with the current sign regulations. Public notification was provided to interested parties via email, the City's website and on community Facebook pages. In order to solicit public feedback on any proposed modifications, the City held a series of three (3) Planning Commission Workshops beginning on January 17, 2018. At this first workshop Staff outlined some of the existing issues within the sign ordinance and received input on potential solutions. A second workshop was held on February 21, 2018, where a draft ordinance was provided to the Planning Commission and members of the public, reflecting the issues discussed in the previous workshop. As a result of feedback from the public and members of the Planning Commission, a third and final workshop was held on March 21, 2018. A draft ordinance was again provided to the public and staff solicited additional feedback, which was used to craft the final draft of the ordinance.

The updated sign regulations have been structured to control the number, placement, height, size, and type of signs with the intent to advance community design standards, discourage visual clutter and implement fair enforcement of the regulations. As a result,

**Subject: Code Text Amendment 2017-20  
Meeting Date: May 7, 2018**

the proposed amendment includes changes to various sections throughout the Sign Ordinance. A full copy of Section 36-26 can be found in Attachment A. Below is a brief summary of the major changes to the ordinance:

Attention-Getting signs allowed subject to sign permit: Attention-getting signs such as flag signs will be allowed consistent with comments received from the public. Attention-getting signs will be allowed on-site for each business and subject to an annual permit. These regulations are included based on comments during the January/February Workshops in which the public felt they were vital to smaller businesses and those which did not have direct access to a major road.

Electronic Message Board signs allowed subject to Major Use Permit: Electronic message board signs will be allowed in the Public and Quasi-Public, Planned Development, Commercial and Industrial Zoning districts with some siting limitations. Electronic message board signs will not be allowed to flash or blink, but could display changing messages as long as each message is displayed for at least sixty (60) seconds.

Master Sign Plan required for four or more businesses/tenants: Master Sign Plans (MSP) will be required for any site with four or more businesses or tenants. Currently, MSPs are required for sites with three or more businesses or tenants.

New and Used Automobile, Boat, and Trailer Lots: Additional allowances for signs will be allowed for businesses which sell new/ used automobiles, boats or trailers. The additional signage will be permitted outright or subject to a sign permit.

On April 4, 2018, after discussion and deliberation, the Planning Commission moved to adopt Resolution 2018-07 recommending that the City Council approve the Code Text Amendment, with a slight modification to remove the word “unlighted” from Section 36-26.4 A. The action passed on a 3-2 vote (Attachment B). Reasoning for the two no votes ranged from the proposed Ordinance being too restrictive to not restrictive enough to enhance property values.

Pursuant to the Municipal Code, findings must be determined, based on evidence and testimony, that the proposed code text amendment is consistent with the Oakdale General Plan, will not be likely to cause environmental damage; and that they further the public convenience and necessity (health, safety and welfare). These findings were made by the Planning Commission.

The amendment has been considered pursuant to the California Environmental Quality Act (CEQA) and has been determined to be exempt from review, in accordance with Section 15061(b)(3) – General Rule of the CEQA Guidelines.

### **III. FISCAL IMPACT**

City Council Resolution No. 2017-044 authorized J.B. Anderson Land Use Planning (City Contract Planner) to proceed with preparing an update to the City’s Sign Ordinance for the total amount of \$36,528.00. Funds from the Development Services Fund 220 have been used to fund this Sign Ordinance Update.

CITY OF OAKDALE  
CITY COUNCIL STAFF REPORT

**Meeting Date:** May 7, 2018  
**To:** Mayor Pat Paul and Members of the City Council  
**From:** Scott Heller, Chief of Police  
**Subject:** Consideration of a Resolution Authorizing Live Scan Services for Commercial Cannabis Business Background Investigation Use

---

**I. BACKGROUND**

Oakdale City Ordinance No. 1251 became effective December 22, 2017, repealing Article IV, the Medical Marijuana Dispensary, Cultivation and Delivery Ban of Chapter 14, Health and Sanitation, and added Chapter 37, Cannabis Regulations, to the Oakdale Municipal Code to regulate cannabis businesses. The ordinance included a requirement the Police Department conduct background checks on employees and independent contractors of prospective commercial cannabis businesses who submit applications to operate in Oakdale. In order to conduct Live Scan services, and receive both state and federal criminal history checks, to assist with the background checks for this specific purpose, a Resolution from the City Council must be provided to the California Department of Justice along with an application for Live Scan services to be authorized for this specific purpose.

**II. DISCUSSION**

The background investigation mandates pertaining to commercial cannabis business applicants are documented in Oakdale City Ordinance 1251. Article III Regulations for Cannabis Business, reads as follows; Sections 37-10(d)(1) Commercial Cannabis Cultivation/Employee Permits, 37-11(d)(1) Cannabis Testing Laboratory/Employee Permits, 37-12(d)(1) Dispensary/Employee Permits, and 37-13(c)(1) Employee Permits.

Given the mandate on background checks pursuant to Oakdale City Ordinance No. 1251, and to begin processing those background checks, staff is required to have Council authorize the Chief of Police to submit an application for Live Scan services with the California Department of Justice. California Penal Code Sections 11105(b)(11) and 13300(b)(11) authorizes cities, counties, districts and joint powers authorities to access state and local summary criminal history information for employment, licensing and certification purposes. Additionally, Penal Code Section

11105 (b)(11) authorizes cities, counties, districts and joint powers authorities to access federal level criminal history information by transmitting fingerprint images and related information to the Department of Justice to be transmitted to the Federal Bureau of Investigation. These Penal Code Sections also require the City Council to authorize access to summary criminal history information for employment, licensing and certification purposes.

Under State law, the City is only authorized to check criminal history records for said applicants within the state of California. There is another level referred to as "FBI" that allows public employers to conduct both a state and federal criminal history check. Under the City's Originating Agency Identification Number (ORI) CA0500400 assigned to nonsworn miscellaneous personnel, the City is not authorized to access federal criminal records until the Council submits an adopted resolution to the California Department of Justice (DOJ) requesting permission to access these records. Approving the proposed Resolution will allow the City to access state and federal criminal history information for employment (including volunteers and contract employees), licensing or certification of prospective commercial cannabis businesses employees and provide an increased layer of security for staff and the public served by the City.

### **III. FISCAL IMPACTS**

Live Scan Fees are paid by the applicant.

### **IV. RECOMMENDATION**

Council adopt a Resolution authorizing the Chief of Police and designees' authorization to access state and federal level summary criminal history information for employment (including volunteers and contract employees), licensing, or certification purposes of owners, managers, supervisors, employees, and volunteers working in Commercial Cannabis Businesses located in the City of Oakdale and may not disseminate the information to a private entity.

CITY OF OAKDALE  
CITY COUNCIL STAFF REPORT

**Meeting Date:** May 7, 2018  
**To:** Mayor Pat Paul and Members of the City Council  
**From:** Colleen Andersen, Management Analyst  
**Reviewed by:** Jeff Gravel, Public Services Director  
**Subject:** Consider by Minute Order Art Designs Submitted for the Oakdale Community Park Art Project

---

**I. BACKGROUND**

On March 26, 2012, the City of Oakdale was awarded a grant in the amount of \$4,375,000 to construct a community park on the vacant lot located along South Yosemite Avenue between H Street and J Street. The construction of the park was completed in December 2017.

**II. DISCUSSION**

A requirement of the Grant is to enhance the use and appearance of the park which includes public art to be incorporated into the Park. In the Grant Application the City committed to an Art Wall, which is the final requirement in order to pass inspection by the State and close out the Grant.

Students of the Oakdale Jr. High and High School were asked to submit a design to paint the concrete cubes near the skate park area. A total of fourteen design submittals were received.

On April 4, 2018 after discussion and deliberation, the Planning Commission selected nine of the designs (Attachment A) for City Council consideration. Staff is seeking direction from the City Council to select two or three designs to be included in the Community Park Art Project.

**I. FISCAL IMPACT**

The cost of the community park art has been included in the budget of the park.

**II. RECOMMENDATION**

Staff recommends that the City Council by Minute Order select two or three Art Designs to be included in the Oakdale Community Park Art Project.
