This Labor Day, and Every Day: *Drive Sober or Get Pulled Over*

NEWS RELEASE

Oakdale Police Department

Media Relations

Office of the Chief of Police

245 North Second Avenue, Oakdale, CA 95361

Oakdale, CA — As we enter the final stretch of summer spending time at the pool or barbecuing with friends and family, The Oakdale Police Department is driving home the importance of celebrating responsibly by not driving, or riding a motorcycle, impaired.

During the next two weeks, through Sept. 3, the Oakdale Police Department is participating in a high-visibility national enforcement campaign, *Drive Sober or Get Pulled Over*. During this period, Police and Sheriff's Departments statewide, along with the California Highway Patrol, will increase the number of officers on the road to stop suspected drunk or drug impaired drivers and motorcyclists. If you are caught driving or riding impaired, you will be pulled over and arrested.

The Oakdale Police Department will have a special emphasis to enforce all traffic violations by deploying DUI Saturation Patrols during this mobilization period.

The enforcement campaign runs through the Labor Day holiday weekend, which is one of the deadliest times of year in terms of alcohol-involved traffic deaths. Sadly, one-third of all traffic deaths involve drunk drivers. According to the National Highway Traffic Safety Administration (NHTSA), 10,497 people were killed in alcohol-involved crashes, or one person every 50 minutes.

The Oakdale Police Department will show zero tolerance for impaired driving or riding and joins efforts by the California Office of Traffic Safety (OTS) to educate drivers that "DUI Doesn't Just Mean Booze." If you take prescription drugs, particularly those with a driving or operating machinery warning label, you may be impaired enough to get a DUI. Marijuana can also be impairing and result in a DUI, especially in combination with alcohol or other drugs.

In the ten years from 2005-2015, the percentage of drivers in fatal crashes with an impairing drug other than alcohol in their system has risen from 26.2 percent to 42.6 percent. As far back as 2012, a roadside survey in California showed more drivers tested positive for drugs that may impair driving (14 percent) than did for alcohol (7.3 percent).

During this national enforcement campaign, there will also be increased state and national messages about the dangers of riding impaired, which combined with enforcement, aims to drastically reduce drunk or drug impaired riding on our nation's roadways.

Motorcycles require specific training and skill. When a rider adds alcohol, marijuana or impairing prescription medication to the mix, it is not only illegal, but increases the risky nature of riding a motorcycle.

There are so many options out there to get home safely. There is no excuse for getting behind the wheel when you are impaired.

To avoid a DUI and putting others, and yourself, at risk, The Oakdale Department has a few tips to stay safe on the roads:

- Always designate a sober driver.
- Use public transportation or a ride sharing service to get home.
- Have a friend or family member who is about to drive buzzed or impaired? Take the keys away and make arrangements to get them home safely.
- Report drunk drivers - call 911.

Funding for this DUI operation is provided to the Oakdale Police Department by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
